

WELCOME TO PLAUDIT TECHNO INDIA

Within just a few years, we have established ourselves as a premier e-rickshaw supplier in India. We are based at Kolkata, directed by Mr. Priyam Das. Started our journey in 2007, we have successfully grown into a promising e-rickshaw brand. We offer all the latest designs of e-rickshaw of enormous quantities and premium quality at low cost. We offer the quickest and the most reliable post sales services with all time availability of essential spare parts of our any model of e-rickshaw.

MEET OUR DIRECTOR

We are proud to have Mr. Priyam Das as our honourable director who once dreamt of this trend-setting business and translated that dream into a reality. He is the main motivational figure for us. After completing his graduation, he sketched this entire work picture on his own and with dedicated efforts he has made the foundation of a promising and prosperous future trend which we view as an ideal platform for us to expand, grow and evolve.

WHY WE ARE SPECIAL

- ✓ 100 % original in quality of products
- ✓ Abundance of products
- ✓ Offer high quality at low price
- ✓ All time availability of key spare parts
- ✓ Ability to continuously changing trends and customer needs
- ✓ Innovation in each new product we offer
- ✓ Quick post sales service
- ✓ Offer greater variety of products

OUR VISION

We are dedicated to emerge as the forerunner among e-rickshaw suppliers in India with our service and ensure pollution-free environment friendly short distance communication all over the country.

QUALITY SHAKE HANDS WITH VARIETY AND QUANTITY

We work with our own strategy, our own work methodology. We always try to offer the latest, cutting-edge e-rickshaw models to our customers. We always try not to see the day when any of our customers comes to us and see any of their desired products is unavailable. We always keep abundant stock of e-rickshaws and all types of e-rickshaws of the current trend. We maintain and supply all original products.
